Profile

I qualified as an Occupational Therapist in 1999 and gained a wide range of experience in the NHS before specialising in acquired brain injury in 2002.

I developed highly specialist clinical skills in brain injury rehabilitation in both the charitable and private sector.

I have worked in Case Management since 2009; I have extensive experience of enabling people to maximise their potential. Cases have included adult and adolescent acquired brain injury, orthopaedic injuries spinal injuries and cerebral palsy.

I have a good understanding of the litigation process and receive instruction from both solicitors and insurers.

I am enthusiastic and hard-working. I enjoy working closely with clients and their families to enable them to manage their needs and meet their goals.

I am based in Cornwall but am happy to travel as is reasonable and practicable for the client or case. I have experience of working abroad and my closest airport is Newquay.

Qualifications

Occupational Therapy BSc, Oxford Brookes University 1999

Skills and Experience

I have worked extensively with adults and adolescents with acquired brain injury, within Case Management this includes regularly completing initial needs assessments, recruiting and managing care teams and therapists. I have worked as a Care Expert which gave me increased understanding of the legal process.

As an Occupational Therapist I have assessed and treated clients, whilst working collaboratively within inter-disciplinary teams. At the Royal Hospital for Neuro Disability I worked with clients who had altered levels of consciousness (S.M.A.R.T assessment). Whilst working at the Priory Group, I proposed and set up a successful five bed transitional living unit. At the Brain Injury Rehabilitation Trust, I developed an evidence-based goal process and the documentation I created is still in use.

I am a strong advocate for my clients and their families and am highly experienced in drawing together effective care and rehabilitation teams to deliver best outcomes.

I am committed to maintaining my continued professional development; I regularly attend conferences, training and professional supervision.

The 3HUB Case Management Community:

I am an independent practitioner and work as part of the 3HUB case management community (www.threehub.co.uk).

This means that I am supported by a highly experienced network of case managers who all operate in compliance with recognised case management governance structures as endorsed by the Case Management Society UK (CMSUK), British Association of Brain Injury Case Managers (BABICM) and the UK Rehabilitation Council (UKRC).

Through this network I am able to ensure that my clients have direct access to an equivalent standard of support should I be on leave or unavailable for any reason.

I am covered by robust specialist liability insurance and can provide a copy of this on request.
