

Lauren Ellis

Independent Case Manager
LE Case Management

Physiotherapist and Expert Witness

lauren@lecasemanagement.co.uk

Specialisms

Adults

Brain Injury,
Spinal Injury,
Complex Polytrauma,
Complex Orthopaedic.

Profile

Lauren is an experienced neuro-physiotherapist who has worked for many years in the management of rehabilitation of individuals with complex neurological and orthopaedic conditions. As a treating clinician, Lauren managed inpatient and outpatient teams in the areas of adult neurological and complex orthopaedic rehabilitation for approximately 15 years. She is highly skilled at delegation, direction and supervision of the therapeutic process. Lauren is a dedicated, empathic and results-driven clinician with exceptional communication skills which ensure that she is able to quickly foster positive, trusting relationships with her clients and their families.

She was Vice Chair of the South African Spinal Cord Association between 2015 and 2018 and has had articles published in rehabilitation and medical journals in South Africa.

Lauren has been a catastrophic injury case manager since 2018, incorporating clinical operations and clinical lead (spinal cord injury) management in this role. Since 2023, Lauren has also worked as a care and rehabilitation expert.

Testimonial

"I first worked with Lauren in June 2019 when she was instructed to prepare an INA on a spinally injured patient. I have worked in claimant PI since I qualified in 1997. In that time, I have worked with many case managers, some good, most average and a few are exceptional. Lauren is exceptional. She is always available at the end of the phone or by email; she understands the litigation process and her reports are very well written (a skill that many case managers lack). She is professional, organised but most importantly, she genuinely cares about the clients and appreciates that she can make a valuable difference to someone's life." – *Claimant solicitor*
