Profile

Jenna is a motivated and active individual with a positive attitude. She is dedicated to helping others and strives to achieve the best outcomes for her clients to ensure they reach their ambitions.

Jenna is an accomplished adult and paediatric Occupational Therapist and an experienced case manager. She has vast experience in supporting clients with a broad range of conditions including complex orthopaedic and polytrauma (including burns), brain injury and mental health needs.

As a case manager, Jenna plans and manages cohesive rehabilitation and care packages to help clients make the most of their life following injury or illness. Jenna is dedicated to facilitating clients to lead independent and satisfying lives. She quickly builds rapport and ensures all involved are engaged with the rehabilitation and goal planning process. She offers clinical excellence, advanced problem solving and a compassionate approach.

Testimonial

"Jenna was always there so professional and meticulous in all aspects helping me recover from organising CBT sessions with a specialist to cope with pain, to osteopaths, to deep tissue, to acupuncture, to chiropractors, to count physio therapy sessions, to orthopaedic consultations the list goes on and on but most importantly she helped me keep optimistic through numerous surgeries.

Over the years I've learned that recovery never goes the way you plan there's always ups, downs and setbacks that are so disheartening but when you got somebody like Jenna behind you with a plan that's competent, organised and persistent that helps schedule things and puts a lot of effort into helping you recover it motivates you to push harder for yourself on the hard painful days.

For these reasons I know you won't be disappointed choosing her for your recovery hope this helps anyone unsure."
