Testimonial

"Donna is a passionate patient advocate who always puts patient needs and wishes at the centre of her practice and ensured that teams in the SCIC and Community also did the same. She has an unparalleled ability to assist even the most intransigent/incalcitrant of patients to move to a position where they were able to work constructively with the inter-disciplinary team, make informed choices for their future and get the best from their rehabilitation." – *Reintegration Manager*
