Vocational Support.

Profile

Helen is a clinical specialist occupational therapist and rehabilitation case manager with extensive experience in Neurological Assessment and Rehabilitation. Her case management work includes clients with acquired brain injury and complex musculo-skeletal injury.

Through a large network of contacts, Helen has built a reputation as a highly efficient professional occupational therapist and case manager. Retaining a clinical lead position within the NHS until August 2024 has enabled a holistic approach to her work. Helen brings all elements of healthcare together in order to secure cost efficient as well as timely interventions for her clients.

Helen started her own practice as a case manager in 2016. She currently has 30 years' experience working as an Occupational Therapist in both the NHS and private sector. She continues to work in an entirely client-centred way, ensuring the client has access to the services, which will ensure the best possible outcomes through their rehabilitation journey.

Helen ensures that channels of communication are kept open between all stakeholders throughout her case management practice. She ensures a high standard of assessment and report writing throughout.

Helen uses a motivational, goal orientated approach to truly enable her client's to reach their maximum level of independence and wellness.

Testimonial

"Helen is a first class case manager who managed a complex brain injury case in an exemplary manner. She was open and approachable, whilst at all times professional and keeping in mind the commercial realities of the case. The rehabilitation was subject to some constraints due to incomplete funding by the Defendant, which Helen was able to overcome in an innovative and effective way. She built up excellent rapport with the family, as well as the client, and I would happily instruct Helen again and have recommended her within my team."
