Challenging Behaviour,
Learning Difficulties,
Substance Abuse.

Profile

Andy is an experienced Case Manager with a background as a Specialist Physiotherapist, delivering clinical excellence and tailored rehabilitation co-ordination. Andy's practice focuses on bridging the gap between recovery and independence through proactive, evidence-based case management.

Qualified since 2011, Andy transitioned into case management in 2022 and has since demonstrated expertise in managing complex cases across both pre and post-litigation settings. He brings a broad clinical skill set, enabling clear, compassionate communication with clients, their families, and multidisciplinary teams.

Andy is deeply committed to acting in the best interests of his clients, advocating for their views and goals, and ensuring that their voices are central to the case management process. His approach emphasises proactive planning to optimise outcomes rather than reactive intervention.

Andy builds strong professional relationships with clients, their families and colleagues, whilst maintaining appropriate clinical boundaries to ensure effective and focused case progression.

Testimonial

"I have always found Andy to be a reliable case manager and able to deal with issues as they arise in a professional and timely manner. He can assist on complex cases where a full care package is required and therapeutic input is high. He has also recently assisted an individual who had serious addiction problems and was able to assist the individual to progress from residential care to their own property. I would have no hesitation in recommending him to others."
