Amputation,  
Autistic Spectrum  
Disorders,  
Birth Injury,  
Burns and Plastics,  
Cerebral Palsy,  
Disorders of  
Consciousness.

## Profile

Jane is a highly experienced qualified nurse and lecturer. She has worked extensively across hospitals including theatres and acute surgical trauma. Jane has also worked in the community and trained as a nurse lecturer. She has a diploma in health education.

Jane started work as a case manager over 18 years ago, having supported her own son who had a TBI when he was twelve. She supports adults and children with complex needs following ABI and spinal injuries and has personal experience of supporting family and clients with amputations requiring specialist orthopaedic rehabilitation. Jane has held the position of Registered Manager at 3HUB Ltd and her clinical skills and knowledge have been updated.

Jane has worked as a care expert and continues to write nursing reports, for financial deputies to identify client care needs and payment of gratuitous care.

She has developed a range of training programmes that include competency assessment of support workers covering complex tasks such as PEG feeding, catheterisations and administering rescue medication.

## Testimonial

"It is in no sense an overstatement to say that I consider that Jane is worth her weight in gold. She has no weaknesses. Her expertise, experience and wisdom is a reassuring presence and a source of great professional comfort in even the most challenging case. The thoroughness, rigour and compassion with which she safeguards and promotes the interests of her clients is remarkable. If all case managers were only half as good as Jane, the world would be a much better place." – *Court of Protection Associate*
