Birth Injury,
Cerebral Palsy.

Profile

Kate is Registered Nurse, Case Manager, and Advanced BABICM Practitioner with over 30 years of clinical experience. She works with adults and children with catastrophic injuries and highly complex medical needs. Kate has extensive experience of tracheostomies and long-term ventilation within a community setting and understands the impact and complexities caused by severe trauma.

Kate is very responsive, supportive, and empathetic to both clients and their families. She has many years of experience managing clients and families in crisis assisting them by prioritising clinical rehabilitation and their emotional needs.

Kate has worked as a Registered Nurse within NHS acute settings, including orthopaedics and critical care. Within the independent sector, Kate has substantial experience of the set up and continued management of complex ventilator dependent care packages including the recruitment and training of care teams to manage clients with complex respiratory issues. Kate also works with clients requiring housing adaptations and extensive equipment provision on discharge from hospital. Kate carries out clinical nursing needs assessments for clients with complex care requirements and provides guidance for support staff.

Kate is a compassionate, professional, and highly efficient Case Manager who utilises her clinical and organisational skills to identify and prioritise the client's rehabilitation needs. Kate effectively coordinates care teams and the wider multi-disciplinary professionals to achieve best outcomes for her clients. She is a strong advocate and communicates effectively to promote positive engagement with successful outcomes, ensuring high standards of care are maintained.

Testimonial

"Kate's expertise, steady judgement, and calming nature has been vital over the years for ensuring the smooth running of the cases we have managed together. I value her opinion on matters and this is something which I know the families she works with do too. She is thorough, prompt and is able to build up relationships with clients in a way that I rarely see amongst other case managers I work with."
